

IT SECURITY KEY SUCCESS FACTOR AT LINZ GENERAL HOSPITAL

Linz General Hospital turns to SonicWall to meet strict statutory compliance requirements for high-volume data security

Business need

IT security legally compliant but without data brake. The Department of Medical Technology was faced with the task to secure the core systems, server and data in compliance with law.

Solution

The AKh Linz General Hospital chose SonicWall next generation firewalls to secure their IT landscape without compromising network performance.

Benefits

- Integrated Application Intelligence and Control
- Reassembly-Free Deep Packet Inspection® Powerful Intrusion Prevention
- Flexible deployment and central management
- Centralized logging and reporting
- Deep Packet Inspection for SSL-encrypted traffic (DPI SSL)
