

SonicWall MSSP Program

Expand your Managed Security Services Portfolio with SonicWall

Security threats are becoming increasingly sophisticated, and organizations are looking for proactive ways to secure their IT environments. Whether their environment is in the Cloud, on-premise or a hybrid, organizations look to managed security services providers (MSSPs) to provide the best-in-class security to protect their business and mitigate future risk.

With the SonicWall MSSP monthly program, you are enhancing your security service offering with access to a robust set of threat intelligence solutions in a consumption pricing model that matches the way you do business.

SonicWall MSSP Portfolio:

Need a traditional hardware firewall on a monthly subscription basis with no upfront cost? Utilize the “sister” SECaaS program from SonicWall for NGFW hardware and associated technologies. Ask your account manager for more information today!
