12.2 Remedies. If Customer's use of a Solution is (or in Banyan's opinion is likely to be) enjoined, if required by settlement or if Banyan determines such actions are reasonably necessary to avoid material liability, Banyan may, in its sole discretion: (a) substitute substantially functionally similar products or Solutions; (b) procure for Customer the right to continue using such Solution; or if (a) and (b) are not commercially reasonable, (c) terminate this Agreement and refund to Customer the fees paid by Customer for the portion of the Subscription Term that was paid by Customer but not rendered by Banyan.

Any purported assignment or transfer by Customer without a party's prior written consent shall be void and of no effect. Notwithstanding the foregoing, either party may freely assign this Agreement, or delegate obligations under this Agreement, without the prior written consent of the other party in connection with a merger, acquisition, change in control, or sale of substantially all the assets with respect to the subject of this Agreement. Subject to the foregoing, any permitted assignment or transfer of or under this Agreement shall be binding upon, and inure to the benefit of, the successors, executors, heirs, representatives, administrators and assigns of the assigning or transferring party hereto.

13.4 Survival. Sections 2.4, 4. 8.2 and 9-13 shall survive the expiration or termination of this Agreement, or any default under or rejection in bankruptcy of this Agreement by Customer.

13.5 Governing Law; Jurisdiction. This Agreement and all matters relating to this Agreement shall be construed in accordance with and controlled by the laws of the State of California, without reference to its conflict of law principles. The parties agree to submit to the non-exclusive jurisdiction and venue of the courts located in San Francisco, California and hereby waive any objections to the jurisdiction and venue of such courts.

13.6 No Agency; Independent Contractors. In connection with this Agreement each party is an independent contractor and as such will not have any authority to bind or commit the other. Furthermore, neither this Agreement, nor any terms and conditions contained herein, shall be construed as creating a partnership, joint venture or agency relationship or as granting a franchise.

13.7 Export Control; Privacy Laws.

(a) Export Control. The Solution, the Documentation and all other technical information delivered hereunder (collectively, "Technical Data") include technology and software and are subject to the export control laws and regulations of the United States ("U.S."). Customer agrees not to export, re-export or otherwise release any Solution outside of the U.S. and to abide by such laws and regulations as to which Banyan may notify Customer from time to time. Customer further acknowledges and agrees that the Technical Data may also be subject to the export laws and regulations of the country in which the products are received, and that Customer will abide by such laws and regulations.

(b) Privacy Laws. Customer shall comply with all applicable privacy laws and regulations in its use of any Solution and Documentation, including without limitation the unlawful gathering or collecting, or assisting in the gathering or collecting of information in violation of any such privacy laws or regulations. Customer shall, at its own expense, defend, indemnify and hold harmless Banyan from and against any and all claims, losses, liabilities, damages, judgments, government or federal sanctions, costs and expenses (including attorneys' fees) incurred by Banyan arising from any claim or assertion by any third party of violation of privacy laws or regulations by Customer or any of its agents, officers, directors or employees. Customer acknowledges and agrees that no personally identifiable information shall be provided to Banyan during the provision and operation of the Solution.

13.8 Force Majeure. Neither party shall be liable for failure to perform any of its obligations under this Agreement (except payment obligations) during any period in which such party cannot perform due to fire, earthquake, flood, any other natural disaster, epidemic, accident, explosion, casualty, strike, lockout, labor controversy, war, embargo, riot, civil disturbance, act of public enemy, act of nature, the intervention of any government authority, any failure or delay of any transportation, power, or for any other similar cause beyond either party's control. In the case of failure to perform, the failing party shall promptly notify the other party in writing of the reason for and the likely duration of the failure. The performance of the failing party's obligations shall be suspended during the period that the cause persists, and each party shall use commercially reasonable efforts to avoid the effect of that cause.

13.9 Severability and Waiver. To the extent that any term, condition or provision of this Agreement is held to be invalid, illegal or otherwise unenforceable under applicable law, then such term, condition or provision shall be deemed amended only to the extent necessary to render such term, condition or provision enforceable under applicable law, preserving to the fullest extent possible the intent and agreements of the parties set forth herein; in the event that such term, condition or provision cannot be so amended as to be enforceable under applicable law, then such term, condition or provision shall be deemed excluded from this Agreement and the other terms, conditions and provisions hereof shall remain in full force and effect as if such unenforceable term, condition or provision had not been included herein. The failure of a party to prosecute its rights with respect to a default or breach hereunder shall not constitute a waiver of the right to enforce its rights with respect to the same or any other breach.

13.10 Entire Agreement; Amendment. This Agreement and all Exhibits referred to herein embody the entire understanding of the parties with respect to the subject matter hereof and shall supersede all previous communications, representations or understandings, either oral or written, between the parties relating to the subject matter hereof. It shall not be modified except by a written agreement signed on behalf of Customer and Banyan by their respective duly authorized representatives. It is expressly agreed that the terms of this Agreement and its Exhibits shall supersede the terms in any purchase order or other ordering document. Each Exhibit to this Agreement shall be governed by the terms of this Agreement and the terms set forth therein. In the event of any inconsistency between the terms of this Agreement and the terms of the Exhibit, the terms of the Exhibit shall govern that Exhibit except as otherwise stated therein. Banyan uses Infrastructure As A Service (IaaS) providers such as Google Compute Platform (GCP), Amazon Web Services (AWS) or Microsoft Azure to provide its Command Center Component.

Banyan offers Customer the option to host Customer Data on IaaS servers located globally. Customer will be required to select its IaaS server hosting location in the applicable Agreement.

10. Problem Management

Banyan Support regularly analyses all Customer Tickets in order to identify trends and bottle necks. Based on these findings, Support updates the Knowledge Base with information explaining the solution to "known errors".

In order to respond to FAQs and help Customers to resolve common problems without needing direct assistance from Support, Banyan maintains the Knowledge Base on the Banyan website (insert website). Banyan Support has defined four general types of FAQs:

- Technical issues are related to a particular bug, security or backup failures, or any other type of non-functioning of the Product.
- User questions arise from instances when the system fails to be self-explanatory. Banyan works hard to prevent these questions and reduce them to an absolute minimum.
- Requests are requests to change the Product, features or settings.

11. Help Desk

If your question is not resolved via the Knowledge Base, the Banyan help desk can be contacted by email anytime via support@banyanops.com or by Slack during applicable office hours.

- Incremental backups of all uploaded media on multiple back-up servers (daily).
- Full backups of the database (hourly, retention of 7 days).

In the (unlikely) event of damage or outage at Banyan's primary Azure location, Banyan will restore Customer's data from the most recent backup in an alternative Region. This will be treated as an A-Priority Alert.

At Customer's request, a backup or a part of a backup can be restored within 48 hours for a fee negotiated in the Agreement or charged on a time and material basis.

14. Release Policy

Banyan releases the Product via Continuous Integration and Continuous Delivery. This means that whenever a new feature or release of Banyan is ready, it can be deployed to the production clusters at any moment. The main application is typically released once a day. All perimeter applications are deployed to production continuously when a build is succeeded on the continuous integration servers.

Urgent bug fixes that impact availability and critical features are applied immediately on production servers in accordance with the Resolution Time schedule.

Third party components in use by Banyan (e.g. Ubuntu, Oracle Java JRE, Python, etc.) are updated automatically every night (in the UTC time zone), whenever critical updates become available via the "unattended upgrades" mechanism provided by Ubuntu.

15. Software Improvements

Banyan will make available to Customer new versions, releases, and updates to the Product to solve defects and/or errors, keep the Product up-to-date with market developments, or otherwise improve (the operation or functionality of) the Product. These improvements may include bug fixes. Banyan will only support the most recent version of the Product. New versions, releases, or updates will contain at least the level of functionality as set out in this SLA and as contained in the version or release of the Product previously used by Customer, and will not otherwise negatively impact Customer's use of the Product. Banyan shall make reasonable efforts to ensure that when performing such actions, the impact on Customer and its User(s) is limited.

16. Updates to the SLA

This SLA may be updated at Banyan's discretion, but only after providing thirty (30) days' notice, after which it shall be effective ("SLA Effective Date"). Such notice will be sufficient if provided to a User designated as an administrator of Customer's Product account either: (a) as a note on the screen presented immediately after completion of the log-in authentication credentials at the log in screen, or (b) by email with read receipt to the email address provided for the administrator(s) for Customer's account. If Customer objects to any such changes, Customer's sole recourse shall be to terminate the Agreement. Continued use of the Product following the SLA Effective Date of any update shall indicate Customer's acknowledgement of such update and agreement to be bound by the updated SLA. When Banyan changes this SLA, the "Updated" date below will be changed to reflect the publication date of the most recent version.
