

City of Pooler, South Carolina

Introduction

This case study of City of Pooler, South Carolina is based on an August 2019 survey of SonicWall NSA firewalls customers by TechValidate, a 3rd-party research service.

“We’re using SonicWall NSa for VPN tunnels and security from internet,” says Charles Jones, IT Director, City of Pooler. “It’s meeting or exceeding my performance and security expectations. GEO IP filtering is a bonus feature.”

Challenges

Jones deployed SonicWall NSa firewalls because the city was challenged with enforcing a uniform advanced security platform across distributed sites.

Use Case

Single-pane-of-glass management and reporting (Capture Security Center) was a key feature in selecting SonicWall NSa firewall.

Results

Jones is extremely satisfied with their NSa Series firewall, and agrees that SonicWall NSa are easy to manage.

The City of Pooler achieved the following results with SonicWall NSa firewalls:

- Improved data protection of critical information
- Has seen the number of blocked attacks increase by 76-100%
