SONICWALL NSA FIREWALLS CASE STUDY

# Retail: Year One

## Introduction

This case study of Year One is based on an August 2019 survey of SonicWall NSa firewalls customers by TechValidate, a 3rd-party research service.

> "My SonicWall NSa firewall is meeting or exceeding my performance and security expectations to secure our perimeter," says
> Bill Bowling, IT Director, Year One. "It's kept out the bad attacks."

## Challenges

The retail organization deployed SonicWall NSa firewalls because they were challenged with consolidating security and networking features in a single solution.

## Use Case

The key features and functionalities that were important in selecting their SonicWall NSa firewall:

- Single-pane-of-glass management and reporting (Capture Security Center)
- An integrated VPN

## Results

Bowling is extremely satisfied with their NSa Series firewall. "SonicWall NSa are easy to deploy."

The company has realized the following operational benefits following the deployment of their SonicWall NSa firewall:

- Improved overall system uptime
- Lowered total cost of ownership
- Increased the number of blocked attacks by 0-25% since deploying SonicWall NSa firewalls.
